

FOREWORD

Our February auction was quite strong across the board, with many prices for individual stamps and sets right up to huge intact estates and collections exceeding our pre-sale estimates by a considerable percentage. The stamp market is active and healthy, with dozens of new or returning collectors bidding in every new auction.

You may have noticed the slight delay in getting this auction catalogue to you, which was occasioned by our switching over to a totally new computer and auction software system. Our hope is that this new software 'package' will result in a much improved and more efficient bidding, buying and consigning experience for all of our customers.

This current auction is another good general sale and contains almost 2200 lots in four sessions. As usual the first two sessions are all Canada and the last two contain Canadian Provinces and everything else 'non-Canada'. The first large session of the sale starts with the usual extensive offering of bulky collections and larger lots and also offers some better Postal History, finishing with Pence to Small Queen issues. The second session has the balance of Canada - Jubilees to Revenues, with something for everyone. The third session contains Canadian Provinces with a better offering of Newfoundland, with Great Britain and British Commonwealth rounding out the session. The last session has strong Foreign with many larger lots, covers, Topicals, etc.

Unlike the 'catalogue values' quoted in our auctions, our published valuations, especially for larger lots and intact collections, are usually a conservative assessment of their fair market value. Although there are always some 'bargains' to be had in our unreserved public auctions, bids placed at a small fraction of the published estimate are usually not successful, due to the competitive bidding from the auction floor plus the thousands of phone, mail and email bids we receive. We recommend viewing larger lots, as there is really no way for us to estimate how much a lot is 'worth to you'. Each sale we hear 'I thought my bids would be high enough' from several disappointed bidders.

We recommend that you get your bids to us by FAX (416-363-6511), PHONE (toll-free 1-800-363-0777, local 416-363-7777) or EMAIL (bids@maresch.com), so we are certain to receive them in a timely manner. Other methods are also available for you to send us your bids, and our sales are published in their entirety on our website (www.maresch.com) as well as Stamp Auction Network (www.stampauctionnetwork.com). Bid-sheets sent by regular mail may not reach us in time, especially if sent close to the auction date.

Our next auction will take place in October. We would be happy to include your stamps in our fall sale, and we are always only a phone call away. Please use our convenient toll-free consignment hotline at 1-800-363-0777 to discuss your plans. We look forward to hearing from you.

TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, to USA by Tracked Packet-USA or Xpresspost USA, all other destinations up to 500g will be sent by registered mail, larger parcels by Xpresspost International, Tracked packet International where available, or by Priority Worldwide, or comparable secured methods.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word ALMOST preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid. **Agents must register their bidders and obtain approval before our sales start.**
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.
