TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, and Xpresspost USA to the USA. Shipments to all other destinations up to 500g will be sent by registered mail, over 500g by Xpresspost International, where available, or by Priority Worldwide.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason**. Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of $40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word ALMOST preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid. **Agents must register their bidders and obtain approval before our sales start.**
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.

FOREWORD

Once again, our last auction was a great success, with many lots both large and small significantly exceeding our pre-sale expectations, and the entire sale bringing 106% of estimate. This proves once again our contention that public unreserved auctions are the most profitable way for collectors to sell their collections when the time comes, as we consistently achieve these types of results for our owners. There is no substitute for experienced and professional lotting, presentation, advertising, promotion and marketing of your collection, and all of that is what you will receive when you entrust your treasures to us for sale.

This well-rounded fall auction sale is somewhat larger than usual at over 2500 lots, and it truly has 'something for everyone'. Whatever country or area you are interested in and whether you collect mint, used, proofs, covers, multiples, varieties or almost anything else philatelic, you will likely find something of interest. The shelves are full once again, with many large and/or intact properties and estates, and we have almost double the usual number of country collections in envelopes, most of which contain several better individual items or sets, with catalogue values into the many thousands of dollars. We hope you will allow ample time to view this large volume of collections, as you will be astounded by the wealth of material.

For those who need extra or 'non-standard' viewing times (especially out-of-towners), please call and we will be happy to arrange something for you. For local viewers, please view early if possible and we would like to remind you once again that those from outside of the GTA get priority on the last day of viewing (the day of the auction sale). Sometimes there just are not enough viewing spaces to accommodate everyone, and if you are local, you may have to wait.

The two sessions of Canada in this auction are exceptional, with many large collections, better Postal History, and rare and valuable items from Pence issues right through the modern issues, including large multiples, varieties, on-cover usages, booklets, etc, as well as Airmails, Officials, Revenues and other 'back-of-the-book'. The Provinces section contains many better Pence period items as well as a rare Newfoundland Airmail cover, etc. The British Commonwealth session is larger than usual with many higher catalogue sets and singles including £1 values, as well as country collections by the hundreds. The Foreign section in over 800 lots is huge, with the best offering of China we have ever presented in one sale, from several different consignors, with rare singles, sets, multiples and souvenir sheets, often with two or three of each item. Spread throughout this section is also the first portion of the Murray Heifetz worldwide Airmail collection, a good showing of Zeppelin covers and another portion of the Firby worldwide cover stock.

Whether buying or selling, please feel free to call us and discuss your plans. We are always happy to speak with fellow philatelists, both collectors and dealers alike. Enjoy the auction catalogue.
