FOREWORD

Our previous auction was held in September, before our usual fall date, in order to accommodate the second and this our third fall sale in our bustling schedule. The earlier timing was well received as collectors from around the globe attended in droves to acquire top-quality stamps for their collections. The sale totaled an astounding 123% of our pre-sale estimates, and realized an amount approaching two million dollars, amply demonstrating the strength of the stamp market here in Toronto. According to some experts who regularly document such things, 18 new record prices for individual Canadian classic stamps were achieved, from the First Cents issue right through to the Admirals. One remarkable item was the rare 3¢ Small Queen copper red perf 12½ which sold for \$26,000 plus buyers premium, eclipsing the previous high price of \$8000 by a factor of three. Anyone with exceptional material to sell, please take note.

You may notice that the first lot in this catalogue is lot 846, which has been done to avoid number confusion with those lots contained in the separate 'Bedlington' collection of Canada and Provinces catalogue mailed to you in the same envelope.

In this current auction, we offer our customers one entire session with a diverse selection of Canada from larger lots and postal history, through Pence and other early issues, right up to modern varieties and 'back-of-the-book' issues. The final session contains Canadian Provinces, Great Britain, British Commonwealth and Foreign with good Germany, USA, etc, with something for every collecting taste from large lots to individual rarities. Please come in person and look at the lots if possible. We have a large, comfortable and well-lit viewing area, and Toronto is a great city to visit, if you're from out of town. We will do our utmost to make your visit a productive, pleasant and pleasurable one, and there is just no substitute for looking at the stamps and covers. Despite achieving record prices regularly, everything you see in this catalogue is consigned and is for sale in a public and unreserved venue, and there are always the occasional bargains to be had.

Our next auction will take place in the winter, and we already busy lotting several extensive and in-depth consignments of Postal History, including the John Robertson collection and the Richard Blackburn Huron County collections. In our vaults for this sale are also a valuable collection of centered never hinged singles, an in-depth Small Queen collection including stamps, proofs and covers and a wonderful Newfoundland collection. If you have been musing about selling all or part of your collection, we would be delighted to assist. Please contact us on our toll-free consignment hotline at 1-888-363-0777 to find out how to take the 'hassle' out of selling at auction. We guarantee you will be pleased with what you hear. As always, liberal cash advances are available for better and more valuable properties, and we can arrange safe and insured transportation for your treasures if you live outside the area. We look forward to hearing from you.

We would like to wish everyone Happy Holidays. May you find time to spend with loved ones, as well as a little time for your stamps and covers.

All the staff at R. Maresch & Son

A family-run stamp company, since 1924.

October 2013

TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, to USA by Tracked Packet-USA or Xpresspost USA, all other destinations up to 500g will be sent by registered mail, larger parcels by Xpresspost International, Tracked packet International where available, or by Priority Worldwide, or comparable secured methods.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word **ALMOST** preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid. **Agents must register their bidders and obtain approval before our sales start.**
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.
